

RSA on the Move

There is a lot to think about and many decisions to make concerning retirement. Many times members don't know exactly what to ask. RSA offers **Retirement Preparation Seminars** for those members who are within 5 years of retirement eligibility and also seminars **for early to mid-career** members titled **Control Your Money Game**.

These programs are quite popular and most times we have Wait Lists for the seminars. This means that some members may be left out on receiving valuable information.

Be a Step Ahead for your Employees!

If you would like to arrange a 2½ hour program for your employees, **RSA will be on the move** and present a program at your agency or school district. If you do not want an entire program, you could request a Field Rep to visit your site.

To request an on-site presentation or visit, please send an email to: field.services@rsa-al.gov

State the name of your agency or school; the location; and name a contact person with phone number. We will contact you to set up the program or the visit.

Retirement is pretty important, you know. RSA is trying to do all we can to make sure our members are armed with the information they need to have a successful retirement.

I look forward to hearing from you.

Bob Crowe
